GNJ Manufacturing

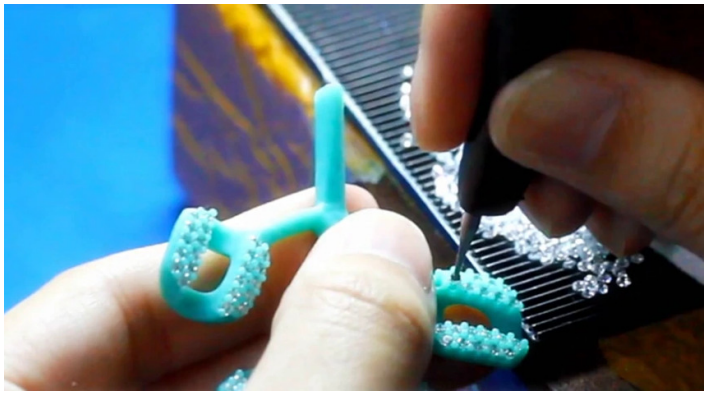

FACTORY PROFILE

Jewelry manufacturing for retail programs

GNJ has developed jewelry for retailers worldwide since 1999. Our U.S. design team works with our factory in Huizhou, China.

GNJ production floor, Huizhou, China

Positioning a stone in a jewelry model

Design & production

Private-label development

Start with a GNJ style, a sketch or a reference photo. Our U.S. design team works with the Huizhou factory on CAD, model making, casting, stone setting and polishing, as the design requires.

Jewelry assortments

We make body piercing, women's and men's jewelry, from navel rings and hoops to necklaces and bracelets.
